

Unitarian Universalist Principles for Children=

We Believe in:

The inherent worth and dignity of every person;
That each and every person is important;

Justice, equality and compassion in human relations;
That all people should be treated fairly and with kindness;

Acceptance of one another and encouragement to spiritual growth in our
congregations;

That we should accept one another and keep on learning together;

A free and responsible search for truth and meaning;
That each person must be free to search for what is true and right in life;

The right of conscience and the use of the democratic process within our
congregations and in society at large;

That all persons should have a voice in the things that concern them;

The goal of world community with peace, liberty, and justice for all;
In working for a peaceful, fair, and free world;

Respect for the interdependent web of all existence of which we are a part.
In caring for our planet earth, the home we share with all living things.
